

Landscape Architecture Department

The Department of Landscape Architecture was established in 1982 under the College of Science. In 1983, the department was transferred to the College of Agriculture. The goal of the department is to train students as professionals in landscape architecture. It also emphasizes the importance of planning, design and solving environmental problems.

University Requirements:	28 credits
Major Requirements:	95 credits
Electives:	13 credits
Total	136 credits

Major Requirements:

Calculus	3-3
Introduction to Landscape Architecture	3-0
Graphic Drawing & Perspective	2-2
Basic Design Studio	2-2
Landscape Plants	3-3
Ecology	3-0
Principles of Structure	3-3
Principles of Landscape Planning	3-0
Landscape Design Studio (1)(2)	4-4
Landscape Design Studio (3)(4)	4-4
Landscape Design Studio (5)	3-3
Landscape Design Studio (6)	3-3
Landscape Engineering	2-2
Environmental Economics	2-0
Material & Methods of Construction	2-2
Recreation Statistics	0-3
History of Landscape Architecture	2-0

Land Use Planning	0-3
Internship	2-0
Environmental Impact Assessment	3-0
Planting Design Studio	3-3
Landscape Architecture Professional Practice	0-2

Electives

Site Analysis	3
Research Methods	3
Basic Law of Landscape Architecture	3
Aerial Photo Interpretation and Remote Sensing	3
Survey	3
Park Management	2
Landscape Architecture and Behavior	3
Geography Information System	3
The Computer Aid Design of Landscape Architecture	3
Theories of Landscape Architectural Design	2
Natural Resources Inventory & Analysis	3
Ecological Engineering and Landscape Vestoration	3
Categories of Contemporary Design Methods	3
Cultural Resource Analysis	3
Introduction to Architecture	2
